Subject: Subdivisions on Bishops Lane
Date: Monday, May 15, 2023 7:42:51 AM

Dear members of the Hingham planning board,

I am writing in support of the proposed subdivision at 16 Bishops Lane. I believe the land could successfully be divided and built upon while providing a much needed street renovation for the neighborhood. I support the Youngs, current owners, of the property being addressed. If the land is to ever be built upon I would rather the owners build it than another company come in and not be as invested as the Youngs. The Young's are wonderful, professional family with children and professions immersed in Hingham. Their interests to build are more than reasonable and beneficial.

Please contact me with any questions.

Sincerely,

Stacey Galvin

New Bridge Street resident
