

HINGHAM FIRE DEPARTMENT FIRE PREVENTION

**339 Main Street
Hingham, MA 02043**

Lieutenant Christopher DiNapoli
Fire Marshal

July 17, 2023

Members of the Planning Board,

The fire dept. has reviewed the proposed plan for Bishop's Lane. I have found the submitted drawings and plans to be satisfactory for the needs of the fire dept. and in compliance with the hydrant by-law. The proposed grade is at 10% which meets the Mass Fire and Life Safety Codes 527 CMR 1.00. At this time the fire dept. only ask that his submitted proposal regarding hydrants, turn radiuses, road width, and grade be incorporated into the decision of the board.

These represent our comments at this time. As this is a developing project we may offer further comment in the future as it develops. Any questions or concerns please feel free to reach out to me.

Respectfully,

Lieutenant Chris DiNapoli
Fire Marshal, Town of Hingham
