

Town of Hingham Planning Board

Town Hall 210 Central Street Hingham, MA 02043

Subject: Support for Project at 28 Arnold Road, Hingham

Direct Abutter: 22 Linscott Hingham, Ma 02043

Dear Members of the Planning Board,

I am writing to express our support for the construction project by our abutting neighbors at 28 Arnold Road, and their submitted revisions to their previous approved plan. The new construction home keeps with the character and architectural integrity of our surrounding neighborhood. The Builder has gone thru the changes with me, and am in full support. The proposed design changed fit well with the aesthetic and scale of nearby homes, and we believe it will enhance the overall appearance and value of our community. The homeowners and their contractors have taken all necessary precautions to ensure that the work was carried out responsibly, including measures to prevent any disturbance to the soil or adjacent properties during demolition and construction. As neighbors, we appreciate their thoughtful approach and commitment to maintaining the charm and harmony of our area. We respectfully urge the Town to approve these revisions, including the proposed landscaping and hardscape edits. It represents a positive improvement for our neighborhood.

Thank you for your consideration.

Sincerely,

Douglas Keach
