Hi Rachel, Emily, and Planning Board,

I am writing to express my support for the proposed landscape design at 22 Howe Street.

Our new neighbors, Sean and Mairenn Marshall, were kind enough to share their intended landscaping plans with us and we hope they are able to swiftly move forward.

We can't wait to see their young kids running around their new outdoor space and acclimating to their new neighborhood. We hope they are able to get settled quickly and feel warmly welcomed by our neighbors and the town.

Thank you for your time and consideration,
