Dear Members of the Planning Board,

I am writing in support of the proposed project at 22 Howe Street.

As a neighboring resident and community member, I believe the improvements proposed for the property are reasonable, well-considered, and consistent with the character of the neighborhood. The project will improve the functionality and appearance of the property while maintaining compatibility with the surrounding area.

From my understanding, the proposed work will allow the property owner to complete basic site improvements, including access and landscaping elements that are important for the safe and practical use of the property. These enhancements appear to be thoughtfully designed and should have a positive impact on the property and the neighborhood overall.

I respectfully encourage the Planning Board to approve the application and allow the project to move forward.

Thank you for your time and consideration.

Sincerely,

Patrick and Sree Lenhart
