Subject: Re: 22 Howe Street - Neighbor Comments/Questions

Dear Planning Board,

We are very happy with the responsiveness of the Marshalls in their most recent landscape plan. We are pleased with the improvement in diversity of size and type of tree and with the increased screening between our properties. We would encourage and support the Planning Board moving forward to approve their plans to take advantage of the planting season.

Many thanks for all of your hard work and attention to this application.

Neil Smith and Jennifer GaySmith, 6 Westview Circle
