Dear Members of the Planning Board:

We are writing in support of the revised Landscape Plan for 22 Howe Street, dated August 20, 2026. The revisions are substantial and significantly address many of the concerns raised by the Board and surrounding neighbors.

Should there be any remaining technical adjustments, we are confident the Board and its consultants will address them.

Many thanks to all parties involved for the consideration and effort throughout the review process.

Sincerely,

Tara and Peter Healey
19 Howe St
